EDUCATION

Marling School, Stroud— GCSEs

SPET 2023- JULY 2025

In my GCSEs I achieved seven 9s and two 8s. This includes 9s in Maths, Computer Science and Physics

Marling Sixth Form, Stroud — A-Levels

SEPT 2025 - JULY 2027

In my A-Levels, I am on target to achieve A*s in Maths, Further Maths, Physics and Computer Science.

PROJECTS

My Website

I am currently focusing my time programming on my website. This contains various projects of mine such as an n-body simulator and my noughts and crosses squared game. It also has various recent activities of mine and a research paper I have written.

EXPERIENCE

Student Leadership, Marling

SEPT 25 - PRESENT

Student Leadership at Marling Sixth form has provided me with many opportunities to improve my logistical skills in organising student-led tutor time, my communication skills in various open days I have helped and finally improved my confidence and self-esteem through speeches given.

Diamond Light Source, Didcot— Work Experience

29 JUNE 2026 - 3 JULY 2026

At diamond light source, a particle accelerator in Oxfordshire, my group and I learned about beam dynamics which involves keeping the beam contained safely within the accelerator. This improved my teamworking and researching skills.

SKILLS

I have enjoyed solving all of the computational problems in my space simulation game.

As a member of various county music groups, I can work in a team effectively.

Being in a Student Leadership position has built up my confidence, time management and communication skills.

In my free time I read both academic books and fiction, improving my literacy.

Being the eldest of four siblings has taught me responsibility

AWARDS

UK Bebras: Gold

Raspberry Pi Coding
Challenge: Distinction

UKMT Senior Kangaroo:
Bronze

British Physics Olympiad:
Silver

Ritangle Competition:
Commendation
